To Med Group Dealers

Dear Dealer:

We all know that home telehealth represents the future of home care. I am particularly encouraged by signs that there will be a significant expansion in coverage for home telehealth in the coming months.

We at Cybernet are proud to be working with MED to provide our award winning MedStar telehealth solution to your members. We have worked very hard to make MedStar the best in home telehealth technology, and I want to assure you that we will work equally hard to make your members successful in profiting from this industry.

Bill and Jeff have shown a great deal of vision and foresight in establishing this strategic partnership. I look forward to working with you in helping you realize all the potential home telehealth has to offer.

Sincerely,

/Signed/

Charles J. Jacobus, Ph. D
